

Barre City Buildings & Community Services—Summer Camps

We are excited to offer the following full day camps this summer.

Thanks to the **Vermont Afterschool Summer Expanding Access Grant** we are able to offer these camps at a 75% discount per participant.

Each week campers will have lots of hands on STEM (Science/Technology/Engineering/Math) fun learning activities. **There will be 10 campers per week .**

In order that we may provide opportunities to as many youngsters as possible we are allowing only **one camp registration per participant**. If we have openings after the registration period we will allow additional week registrations.

~Barre City Residents will have the first opportunity to register~

WILD WORLD SAFARI Explore the wacky world of nature. Take a look at some of your favorite wild animals and determine if they are predators or prey. Learn to identify track patterns and compare animals in the wild to our domesticated pets. Explore hunting techniques while creeping with big cats and loping like coyotes. Make 3 D models of extreme habitats and learn about our planet’s natural resources. Experiment with lenses and prisms to find a rainbow. Discover Earth’s biggest land animals and dive deep into the oceans on this global adventure. Campers will design a topographical model of an African Savannah Habitat with land features and animals.
