Re: TIF district – tutorial and history

Tax Increment Financing Districts

Tax Increment Financing (TIF) Districts are an economic development tool granted and controlled by the VT Economic Progress Council (VEPC), part of the Agency of Commerce and Community Development (ACCD).

A TIF district is defined as an area within a municipality where public infrastructure projects are undertaken in support of private development initiatives. The debt service for the public infrastructure is covered by the property tax “increment” generated by the growth in the grand list from the private development.

Example: a private developer purchases an old stone shed assessed at \$500,000. They rehabilitate the building, increasing its assessment to \$1.5M. The increment in assessed value (\$1M) generates increased education and municipal property taxes. The municipality gets a certain percentage of that increase to set aside for debt service. In Barre City’s case the percentage is 75% for both education and municipal taxes. The remaining 25% of increment for education taxes is paid into the state education fund, and for municipal taxes is paid to the City.

TIF districts must meet the “but for” test – the infrastructure projects must be necessary to make the private development happen. Upon review it must be clear the private development WOULD NOT HAPPEN “but for” the infrastructure improvements.

The “life” of a TIF district is 20 years, and TIF debt must be incurred within the first 10 years of the life of the district. At the end of the 20-year period, taxes are no longer segregated for debt service; they are fully incorporated into education and municipal taxes.

History

Barre City’s TIF district was approved by VEPC in 2012. The infrastructure included in the TIF plan was for parking in support of a variety of private development projects planned and/or anticipated in the district:

Property name	Address	Status
Aldrich Block (Cornerstone)	47 N. Main St.	Complete

Blanchard Block	14 N. Main St.	Complete except for build to suit
City Place	219 N. Main St.	Complete
Downstreet Housing	22 Keith Ave.	Complete
Merchant's Bank (now Community Bank)	361 N. Main St.	Complete
Worthen Block	123 N. Main St.	On hold
JJ Newberry Block	143 N. Main St.	On hold
Rouleau Granite Plant	21-31 Metro Way	Partially renovated

Parking improvements included a parking garage on Keith Ave, Merchant's Row parking lot (including Merchant's Row and Enterprise Aly), and the Campbell Place parking lot. The infrastructure projects met the "but for" test in that development of City Place, Blanchard Block and Downstreet Housing would not have happened without the City creating additional parking to accommodate new employees and residents associated with the projects.

Barre City voters approved a \$2.2M bond in November 2013 to begin work on the projects, and the City began incurring debt in January 2014 with the purchase of property around Depot Square. The projects listed above have reached the following stages:

- A. Campbell Place parking lot: completed.
- B. Enterprise Aly portion of Merchant's Row (between Depot and Granite Street): completed.
- C. Balance of Merchant's Row parking lot (between Depot and Prospect Street): preliminary work completed, planning continuing.
- D. Keith Avenue parking lot: ground level parking lot completed. Parking garage on hold.

All the \$2.2M bond funds have been spent, so future work will require a new bond vote. The TIF plan allows for at least \$5M of additional debt capacity, based on the projected private development included in the original TIF plan. However, a recent adjustment of our TIF finance plan allowed us to revise those projections to reflect actual completed and projected private development. These revisions indicate our debt capacity is approximately \$2.5 - \$3M. The debt service for this additional bonding would be covered out of the TIF increment funds received, and would require retaining municipal increment funds for 5 years beyond the 20 year date when education increment funds would stop being retained.

Going Forward

TIF statutes require the incurrence of all debt to occur in the first 10 years of the district. Barre City's last day to incur debt was March 31, 2022, however, the 2020 VT legislature adopted language that granted most TIF districts an additional year for incurrence of debt. This is due to most development being hampered during 2020-2021 due to COVID. This means Barre City's date has been revised to March 31, 2023, so any additional bonding would need to be completed by then. Bonding is generally applied for in December. Therefore, Barre City voters could approve a bond vote at the November 2022 general election.

The list of private development projects above shows their status, and indicates that the Worthen Block, JJ Newberry Block and Rouleau Granite plant haven't been started or completed. This

changes the calculations in the TIF plan with regards to what debt capacity there is for future projects. There have been a few private projects completed in the district that weren't planned, yet have a positive impact on increment generation, most notably Jiffy Mart at 360 N. Main Street. However there have also been projects that have a negative impact on TIF increment, most notably ReSource on Granite Street which went from taxable to tax exempt when the building ownership was transferred to the non-profit organization.

As per the approved TIF plan, the City can seek voter approval to bond to complete the parking projects identified in the plan, however, there is interest in reviewing the infrastructure projects identified in the original TIF plan with an eye towards making sure the identified work is still relevant, and additional projects are what's in the best interest of the City, the residents and businesses. The City has engaged White & Burke, a consultant specializing in TIF districts who helped with Barre city's original TIF application. The timeline is very tight because the City will need to seek approval from VEPC for any future projects, and then get voter approval for bonding – all before the March 31, 2023 deadline.

The City Clerk/Treasurer Report –

Clerk/Treasurer Dawes reported on the following:

- Met with the new Councilors this afternoon for an overview of the work done in the Clerk/Treasurer offices.
- Results from last week's annual town meeting elections are posted on the City website. The school budget is tentatively scheduled to be re-voted on May 11th. The plan is to hold that election as a drive-through in the BOR.
- Water/sewer bills are due by March 31st.

The Clerk said she will give the Council a tutorial on tax increment finance (TIF) districts in advance of the meeting with White & Burke consultants, and asked Council when the best time would be to offer that training. After discussion it was decided to hold the tutorial at 6PM before next week's meeting.

Liquor Control – NONE

City Manager's Report - Manager Mackenzie reported on the following:

- COVID update: No changes in procedures from last week's report.
- Sunday's vaccination clinic at Spaulding High School distributed over 1,200 vaccines. The clinic will be repeated in 3 weeks to give second doses.
- The auditorium continues to host vaccine clinics on Tuesdays and Thursdays.
- Received 4 bids for the wastewater biosolids project. The low bid is \$150,000 over the expected cost. Bids are being reviewed by staff with the consultant. A revised funding plan will be presented to Council for consideration.

- The Public Works Department is beginning to transition to spring maintenance.
- Appreciate voter support of the budget and capital request at last week's town meeting election.
- Will give an update on street striping in the next few weeks.

Visitors and Communications –

Resident Bernadette Rose said she wants to acknowledge that Barre City is located on the traditional, ancestral, and un-ceded land called N'Dakinna (en DA kin ah) by the Western Abenaki, who still live in our communities today.

Councilor Hemmerick said he wants to apologize to Councilor Boutin for confronting him online for a matter that should have been addressed privately, which would have allowed Councilor Hemmerick to understand the circumstances. He said his behavior did not follow the Council's ground rules to practice mutual respect, and he wishes to apologize to Councilor Boutin, the other Councilors and the community.

Old Business – NONE

New Business –

A) Council Welcome and Introduction.

New Councilors Stockwell and Cambel introduced themselves, followed by all other Councilors and present staff.

B) Organizational Items.

- Review of Groundrules.**
- Onboarding Document overview, including Organizational Structure.**
- FY21 and FY22 Priorities Overview.**
- Work Groups.**

Mayor Herring reviewed all the materials listed above.

C) Summer Camp Scholarship Fund.

Buildings and Community Services assistant director Stephanie Quaranta requested Council allocate \$1,200 from the Brusa Trust to the summer camp scholarship fund. Ms. Quaranta reviewed the camps being planned for this summer, locations of playgrounds, the summer meals program, and access to books at the municipal pool during the season. Registration for some of the camps is already open on the City website. Construction of the municipal pool refurbishment project is expected to be done by June 11th, with opening by June 26th. Ms. Quaranta said she is waiting to find out more COVID details for recreational activities before finalizing the summer schedules.

There was discussion on private use of the pool, and accessibility.

A memo will be included in next week's packet with information on currently available Brusa Trust funds and the scholarship fund request, the intention being to include the request as part of the consent agenda.

Ms. Quaranta said there will be an egg event this year in lieu of the traditional egg hunt. Details are being worked out with Barre Town and the Barre Partnership.

D) Update on Speed Enforcement Initiative.

Manager Mackenzie said the plan calls for establishing three enforcement zones to start, and to work up to six zones. Sign placement locations have been designated, along with locations for speed cart usage and police details. The Police Department is exploring purchase of an additional speed cart with drug forfeiture funds. There was discussion on possible grant funding available.

Ellen Kaye spoke in favor of education rather than ticketing, which can be regressive. There was discussion on keeping pedestrian safety paramount, designing streets to encourage speed control, and making City streets safe and equitable for all.

Manager Mackenzie said he'll be back with additional information next month.

E) Discussion on Chapter 07 – Minimum Housing.

Mayor Herring reviewed draft language and comments. There was discussion on the number of people allowed in a dwelling unit, access to heat by tenants, and providing heating equipment and fuel to tenants. Other communities have language in their charters that heat can be required. Council reviewed comments about providing heat from City Attorney Oliver Twombly, and it was noted Mr. Twombly is a landlord, and perhaps a second opinion should be sought. Access to NFPA fire code language needs to be transparent and accessible.

Language on heat being provided will be kept in the draft and staff will explore ways to include access to NFPA language as part of the ordinance. Updated draft language will come back to Council for continued review.

F) Discussion on Chapter 02 – Administration Ordinance.

Mayor Herring noted there's a lot to this ordinance, and it might be best to take a few sections at a time. There was discussion about how to make documents being reviewed by Council available to the public in advance of meetings, how to archive materials submitted by the public during a meeting, and possible review of code enforcement language and procedures.

Mayor Herring will continue to pull together feedback from staff and Councilors.

G) Approval of Resolution #2021-06 for Women's History Month.

It was noted the first paragraph is a holdover from a previous resolution and should be removed. Mayor Herring read the resolution as amended.

Councilor Boutin made the motion to approve the resolution as amended, seconded by Councilor Hemmerick. **Motion carried on roll call vote, with all voting in favor.**

Round Table –

Councilor Reil said she's happy celebrating Women's History Month while welcoming two additional women to the Council. She said she has learned over the last year to settle differences in person rather than on line and she apologizes for any misunderstandings that may have happened in the past, and any feelings she may have hurt.

Councilor Stockwell said women's suffrage was a long struggle, and it continues.

Councilor Cambel said rights for everybody take a long time, but there is hope for change.

Councilor Boutin spoke of the women's temperance movement, which transitioned into the suffrage movement.

Councilor Waszazak welcomed the new Councilors, and thanked the Ward 2 voters for returning him to office. He said the recent Friends of the Library on-line auction went very well raising over \$1,500.

Councilor Hemmerick said the Aldrich Library book club is reading *Walkable City Rules* about creating walkable communities. He also said Barre Area Development Corporation continues making

improvements to its website and expanding services.

Executive Session –

Councilor Boutin made the motion to find that premature general public knowledge of police negotiations and personnel to be discussed would clearly place the City of Barre at a substantial disadvantage should the discussion be public. The motion was seconded by Councilor Reil. **Motion carried on roll call, with all voting in favor.**

Council went into executive session at 9:07 PM to discuss police negotiations and personnel under the provisions of 1 VSA § 313 on motion of Councilor Boutin, seconded by Councilor Waszazak. Manager Mackenzie was invited into the executive session. **Motion carried on roll call, with all voting in favor.**

Council came out of executive session at 9:18 PM on motion of Councilor Boutin, seconded by Councilor Waszazak. **Motion carried on roll call, with all voting in favor.**

There was no action taken.

The Council meeting was adjourned by Mayor Herring at 9:19 PM.

There is no audio recording of this meeting. The meeting was recorded on the video conference platform.

Respectfully submitted,

Carolyn S. Dawes, City Clerk

DATE: 03/11/21
SUBJECT: Briefing Memo re 03-16-21 Consent Agenda Item 3.E
Big Dig Local Share Payment Plan

Councilors:

I am requesting formal authorization under the Consent Agenda to execute the attached **Big Dig Local Share Payment Plan** which was actually initiated back in April, 2019 in a meeting with Senior VTrans Finance and Legal staff attended by me, the Mayor, Finance Director Dawn Monahan.

Briefly summarizing, the Agency was looking for their "typical" 3-year Payment Plan, and I (optimistically) offered a 20-year plan. After some tough discussions and a subsequent personal meeting between Joe Flynn, Agency Secretary, and me, the Secretary agreed to extend the plan to 5 years, but could not agree to anything longer. He further advised a 5-year plan was precedent setting for the Agency! They had never agreed to a 5-year plan before!

The underlying documents supporting the final local share amount and this Payment Plan are three (3) F&M (Finance and Maintenance) agreements authorized by the Council at its May 14, 2019 meeting (See attached May 14, 2019 Agenda). This was after we had reached agreement as to the actual remaining Adjusted Net Local Share Amount (\$1,547,885) after extended (months) of financial reconciliation of the actual Local Share Amount in the best interests of Barre City.

This payment plan was also modified on April 10, 2020 to defer the then scheduled payment of \$103,871 from June 1, 2020 to December 15, 2023. This was done at my request of Secretary Flynn in an effort to mitigate adverse cash flow issues stemming from the on-set of the COVID virus a month earlier.

While it was the Agency's intent to forward the Payment Plan shortly after the above reconciliation/negotiations process, it was only received within the last month. Dawn and I have now reviewed the plan and are able to bring it forward for Council authorization.

FR: The Manager

DATE: 03/11/21
SUBJECT: Briefing Memo re 03-16-21 Consent Agenda Item 3.f
Authorization to Execute State of Vermont BGS Med Surge Lease

Councilors:

This Consent Agenda items is straightforward and I believe to be perfunctory. I am requesting authorization to Execute the attached “New” Lease with the State of Vermont for State use of the Auditorium for COVID related events. This is the formal document resulting from our recent discussions with Deputy Commissioner Marc O’Grady, Building and General Services, for reimbursement consideration in light of Chief Doug Brent’s November 2, 2020 letter to the Department of Health requesting same.

Changes in this new lease are:

- a. 1st paragraph, which cancels the previous lease and replaces with this one).
- b. Section 1 – reconciled the uses
- c. Added Section 4, rate schedule

I have previously reported to Council that this Lease will provide for City reimbursement of a retroactive amount of approximately \$18,000 plus pro-rated utility expenses for State use of the Auditorium thru last November. It also provides the basis for billing for all State retroactive and future uses of the Auditorium since November.

Jeff Bergeron and I have reviewed the attached and recommend Council’s authorization for the Manager to execute this Lease.

 - b) LANDLORD may require the STATE to remove any fixtures added by the state. Fixtures shall be and remain the property of the STATE and may be removed by the STATE prior to the expiration of the lease.

- c) The STATE will make every effort to restore the property to the condition that existed prior to the tenancy and make every effort to do so during the remaining term of the lease, however if restoration cannot reasonably be completed before the end of the lease, LANDLORD hereby authorizes the STATE to continue to access the property to promptly complete the restoration without any additional fees, penalties, or rents. LOAN AGREEMENT

Vermont State Revolving Fund

Loan RF1-281-1.0

Loan Amount: \$21,400.00

1. City of Barre, the Municipality, hereby certifies to the Vermont Municipal Bond Bank (“Bond Bank”) that:
 - (a) It will secure all state and federal permits, licenses and approvals necessary to construct and operate the improvements to be financed by the Loan (the “Project”), if any, as described in Exhibit A;
 - (b) It has established, or covenants with the Bond Bank to establish, by ordinance, rule or regulation, a rate charge or assessment schedule which will generate annually sufficient revenue to pay:
 - (i) Principal, administrative fees and interest of the Municipal Note, as the same becomes due; and
 - (ii) reasonably anticipated cost of operating and maintaining the improvements to be financed by the Loan, if any, and the system of which is a part;
 - (c) It has duly established a fund under Title 24 of the Vermont Statutes Annotated, or by other means permitted by law which, for so long as the Municipal Note shall remain outstanding, shall be maintained and replenished from time to time, and used solely to repair, replace, improve and enlarge the improvement to be financed by the Loan, if any.
2. The Municipality shall make funds sufficient to pay the principal, administrative fees and interest as the same matures (based upon the Maturity Schedule appended hereto as Exhibit C) available to the Bond Bank at least five business days prior to each principal payment date.
3. The Bond Bank and Municipality agree that Loan proceeds will be paid to the Municipality as Project costs are incurred and paid by the Municipality over the course of the Project, but in no event shall payments be made more often than monthly, and only on Municipality’s certification, through its authorized representative, that such costs have been paid.
4. The Municipality is obligated to make the principal, administrative fee and interest portion of the Municipal Note payments scheduled by the Bond Bank on an annual basis. The Municipality may prepay the Loan at its option without penalty.
5. The Municipality shall be obligated to inform in writing to the Bond Bank, or such agent designated by the Bond Bank, at least thirty days prior to each principal payment date of any

changes to the name of the official or address to whom invoices for the payment of principal, administrative fees and interest should be sent.

6. The period of performance for this agreement begins upon execution and ends five years after execution.

7. Notwithstanding paragraph 14 hereof, prior to payment of the amount of the Loan, or any portion thereof, the Bond Bank shall have the right to cancel all or any part of its obligations hereunder and after payment of any portion thereof to require a refund of amounts paid if:

(a) Any representation made by the Municipality to the Bond Bank in connection with its application for a loan or additional loans shall be incorrect or incomplete in any material respect; or

(b) The Municipality has violated commitments made by it in its application and supporting documents or has violated any of the terms of this Loan Agreement.

8. The Municipality shall at all times comply with all applicable federal and state requirements pertaining to the Project, including but not limited to requirements of Federal Clean Water Act, Title 24 of the Vermont Statutes Annotated, and the list of Federal Laws and Authorities included as Exhibit B. The enumeration of the Federal Laws and Authorities in Exhibit B shall not be construed as a waiver by the Municipality of any exemption or exception, jurisdictional or otherwise.

9. If any provisions of this Loan Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Loan Agreement and this Loan Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

10. This Loan Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments, and take such other actions as are necessary, to give effect to the terms of this Loan Agreement.

11. No waiver by either party of any term or condition of the Loan Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase, or other provision of this Loan Agreement. Any delay in exercising rights or requirements of the Loan Agreement does not constitute a waiver of such rights or requirements.

12. The Municipality agrees to indemnify and hold the Bond Bank, the state, its officials, agents, and employees harmless from and against any and all claims, suits, actions, costs, and damages resulting from the negligent performance or non-performance by the Municipality or any of its officials, agents, or employees of the Municipality's obligations under this Agreement, as it

may be amended or supplemented from time to time. It is further understood that such indemnity shall not be limited by an insurance coverage.

13. The Municipality agrees that the Loan will be adjusted upon final audit to an amount equal to or less than the project costs determined eligible by the Department of Environmental Conservation and recommended to the Bond Bank for loan participation.

14. The Municipality agrees that if actual final eligible costs are less than the amount paid under the Loan Agreement, repayment of the excess funds will be made within sixty days of the request made by the Department of Environmental Conservation.

15. Increases, amendments, or modifications to the project during construction will be processed for record keeping purposes only, except for the addition of major approved Project Elements, Exhibit A. The Loan Agreement will also be amended upon completion of the project based upon final audited eligible costs, and any increases in the Loan will be made contingent upon availability of funds. All Project records will be retained by the Municipality and made available for state inspection upon request for three years after Project completion or until any audit questions have been resolved, whichever is later.

16. The Municipality will obtain flood insurance for any insurable portion of the Project.

17. The Municipality agrees to use the Loan proceeds solely for the Project for which the Loan is made and any approved amendments thereto. The Municipality further agrees to make prompt payment to the contractors and to apply any interest received to the Project. Once payment has been made to contractors, the applicant shall submit a payment request to the Department of Environmental Conservation (DEC). Funds will be disbursed from Federal Award ID Number CS500001## (## equals last two digits of award year). Upon disbursement, DEC will notify the Municipality of the standard terms and conditions applicable based on the exact amount of federal funds disbursed and relevant capitalization grant being drawn down. Please see <https://dec.vermont.gov/water-investment/water-financing/srf/reimbursement-help> for the standard terms and conditions. If the foregoing link is not accessible, contact DEC for assistance.

18. The terms of this Loan Agreement shall be controlling over those of any prior Agreement with respect to this Loan Agreement. However, this Loan Agreement shall not otherwise supersede the terms of any other agreements between the Municipality and the State.

19. The Municipality agrees to furnish to the Bond Bank such financial statements as the Bond Bank may reasonably request, which statements and supporting records shall be prepared and maintained in accordance with Generally Accepted Accounting Principles (GAAP).

20. This agreement will be funded by approximately 80 percent federal funds. These funds are being awarded in accord with the Federal Clean Water State Revolving Fund, CFDA number 66.458, under the authority of the Environmental Protection Agency. This is not a research and development award. For any accounting year in which the Municipality expends Loan proceeds and other Federal funds of \$750,000.00 or more from all Federal sources, the Municipality shall

have an audit performed in accord with the Federal Single Audit Act and furnish a copy to the Vermont Department of Environmental Conservation within 9 months of the end of Municipality's accounting period.

21. By acceptance of this Agreement, the Municipality agrees to complete a Subrecipient Annual Report as provided by the Department of Finance. Prior to submitting the Subrecipient Annual Report, the Municipality must review previous fiscal year disbursements from the Facilities Engineering Division to determine the actual amount of federal funds disbursed from the loan proceeds. The Subrecipient Annual Report must then be submitted to the State of Vermont Department of Finance within 45 days after its fiscal year end, informing the State whether or not a single audit is required for the prior fiscal year. If a single audit is required, the Municipality will submit a copy of the audit report to the Vermont Department of Environmental Conservation within 9 months of its fiscal year end. If a single audit is not required, only the Subrecipient Annual Report to the State Department of Finance is required.

22. The Municipality understands that the provisions of the Davis-Bacon Act, which is codified at Subchapter IV of Chapter 31 of Title 40 of the United States Code and U.S. Department of Labor Memorandum No. 208 ("Memorandum 208"), may apply to the Project, and the Municipality certifies and agrees that with respect to the Project, it has complied and will continue to comply with the requirements of the Davis-Bacon Act and Memorandum 208, as applicable.

23. The effective date of the Loan Agreement is the execution date of the General Obligation Note.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

MEMORANDUM

TO: Hon. Mayor Lucas Herring; Councilors Boutin, Waszazak, Hemmerick, Reil, Cambel and Stockwell

FROM: Planning Director Janet Shatney

DATE: March 12, 2021

RE: Revised Draft of the Permit, License and Registration Collection Fee Policy
Formerly known as the Permitting, Planning and Inspection Services Fees Policy

Dear Mayor, Councilors, City Manager and City Clerk;

Thank you for the opportunity to revise and update the policy formerly known as the Permitting, Planning and Inspection Services Fees Policy. In order to make the policy broader as it relates to any department within the City, it has been re-named with the bulk of the information revised. The draft has been shared among staff and is coming forward for discussion.

This policy, by the way, came about back in 2016 when several applicants for permits (i.e. houses of worship, non-profits, etc.) were unhappy that they were required to pay any application fees. The former Mayor wrote this policy which was passed in April of 2016.

With this update, the goal was to elevate the draft revision to be broader to all departments of the city and collecting fees. You will see that the existing speaks to specific forms out of the Planning, Permitting and Assessing office, and rather than define every single application for a permit, license, inspection or registration, the thinking was to craft it so that it covers every department that ever issues a permit, license, inspection or registration, typical of a policy.

There is the Chapter 10 Licenses Ordinance that speaks more specifically to applications, etc. as ordinances do, which I believe will need to be reviewed updated at some point as well.

Finally, with little consistency among our policies as to the appearance and structure, this was revised to mirror some of the accounting and drop-box policies.

Thank you.

Re: Department Head Reports

Report Date: March 12, 2021

In order to keep you informed of the Department activities of the office, I'm forwarding this report of activities of the City staff for the previous Friday - Thursday. If there are any additional questions please do not hesitate to ask.

1. CLERK/TREASURER'S OFFICE:

- COVID REPORT: City Hall remains closed to the public. The vault in the Clerk's office is open by appointment only on Tuesdays, Thursdays and Fridays. Masks are required by those with appointments. Temperatures are checked and they sign in attesting to having no COVID symptoms or exposure. They wash their hands in the sink in the Clerk's office, and are given gloves to use while touching land records documents or research computers.
- Continuing to work on TIF state audit. Also working with Sullivan Powers auditors on annual TIF Agreed Upon Procedures (AUP) report for VT Economic Progress Council (VEPC).
- 2021 dog licenses are available. All dogs are to be licensed by April 1st.
- 2021 liquor license renewal applications are being received, and the Fire Department is conducting its inspections. Applications will start coming to Council for approval at the March 16th meeting.
- The school budget didn't pass during voting on March 2nd. The budget revote is tentatively scheduled for May 11th. The preliminary plan is to hold the vote as a drive-through in the BOR, similar to last August's primary election.
- We have received a number of abatement requests since our last hearing in February 2020. The intention is to bring the requests before the Council for action during March or April. As per the COVID legislation the Council may act as the Board of Abatement during the Governor's emergency order.

2. BUILDING AND COMMUNITY SERVICES:

- The BOR had one hockey game on Saturday, as St. Johnsbury played host to Brattleboro in a boys' game. This was a "fill-in" game as the Mt. Mansfield versus Lyndon boys' game was cancelled due to COVID as was the Stowe versus Spaulding boys game.
- On Monday, I met with the contractor regarding the Opera House renovation regarding some storage issues.
- On Tuesday, I participated in the Civic Center Committee Zoom meeting until we all were disconnected. A make-up meeting is in the works.
- The DMV conducted CDL testing on Wednesday in the Civic Center parking lot.
- I met with the City Manager on Wednesday to review the BCS ongoing projects.
- Also on Wednesday, I participated in a conference call with the Vermont Principals' Association regarding the basketball championships which will be held in the AUD on March 27 and 28. We also discussed the possibility of the BOR hosting one or two of the hockey championship games.
- On Wednesday evening the BOR had the Harwood/Northfield versus Spaulding girls' hockey game. The Colchester boys' versus Spaulding game was cancelled due to COVID.
- On Thursday, the Vermont Health Department held a vaccination clinic in the AUD.
- On Friday, the Vermont National Guard held a vaccination clinic in the AUD.
- On Friday afternoon I participated in a "site walk" at the reservoir with the Tree Committee as we look to identify a site for our City tree nursery. The nursery will be a source for the replacement of City trees in the future. The Facilities crew continued with cleaning in the upper level of Alumni Hall as well as some "spring cleaning" at City Hall.
- Don worked on maintenance of the cemetery equipment in preparation of spring.

2a. RECREATION:

- Attended City Council meeting – summer camp/scholarship information provided.
- Attended Civic Center Committee meeting.
- Attended Paths/Routes/Trails Committee meeting.
- Attended Barre Partnership Meeting.
- Worked on Egg Event with representative from the Town of Barre – logistics, etc.
- Lots of scheduling and shifting of ice time at the B.O.R. as pairings were announced for the finals. We will be home ice for the U-32 boys and girls teams as well as Northfield and SHS.
- Participated in Vermont Recreation and Parks Association webinar on COVID and Outdoor Venues.
- Networked with other Recreation Departments in Vermont pertaining to COVID and discussions on port-o-lets, sanitizing, numbers allowed, etc. No direction yet on spring sport guidelines.

- Continued work on summer items.
- Emails on a possible intro to lacrosse program as well as a summer inquiry for the AUD.

3. DEPARTMENT OF PERMITTING, PLANNING AND ASSESSING:

Planning – Janet:

- Worked Monday on the remaining Stormwater grant project to get responses together for Dept of Public Safety and ultimately FEMA to keep it moving;
- Attended City Council Tuesday evening;
- Worked with BADC Exec. Director on some zoning questions and potential sites he is helping people on;
- Spent time talking with Fire Chief Brent on Building ordinance questions and possible revisions;
- Worked all day Wednesday with Permit Administrator improving our permitting software database to be better utilized to track the rental registry program so that she would not need to use an excel spreadsheet – she has about 3-4 days of data entry and verification from other offices’ database printouts (water dept., assessing clerk, Code Enforcement) so that the list can be maintained fluidly and is accurate at any given moment. I wrote a program for printing that list to be used going forward;
- Met with Assessor interview team to shortlist any interviewees;
- Worked on Grant spreadsheet to be able to share at Council Tuesday evening;
- Planning Commission meeting Thursday evening, where we had presentations from the Clerk and Manager regarding TIF, and the Public Works Director speaking regarding Unaccepted/Accepted and Paper Streets;
- Answering questions, phone calls, sent lister cards, assisted fellow staff, timesheets, weekly report write-up, etc.

Permitting – Heather:

- Issued 1 Electrical Permit
- Issued 1 New Vacant Building Registration
- Closed out 6 Electrical Permits
- Closed out 4 Building Permits
- Typed up DRB Minutes & Decision from March 4th hearing.
- Sent out a letter to advise members that there were no applications for April, so no meeting, but meeting in May to do any reappointments and officer elections;
- Started to prepare for the next round of Rental Invoices to be sent out;
- Continued with archiving of old files (scanning zoning work from 1950 forward);
- Answered all phone messages, emails, filed, picked up paperwork from the office twice weekly, and updated Zoning & Fire Dept. databases.

Assessing Clerk – Kathryn:

- Regular office tasks: permit copies from Heather into databases, address changes, mapping updates, filing, checking Grand List items, Street numbers, corrections, e-mail messages, phone calls, etc.;

- Processed 5 PTTR's (property transfer return) for updating all property records in NEMRC, ProVal, and mapping software;
- Sent out 17 map copies and 27 lister cards as requested via email or by telephone;
- Updating the state's E-911 map with corrections;
- Downloaded 159 homestead filings for a total of 493 to date;
- Continue working on the 2020 Sales Study from the data sent by the State (out late), so that the necessary work can be in the preparation of the 2021 Grand List.

Assessing-Assessor:

- Department Director checks email and phone inquiries, but there hasn't been much at this time;
- Department Director has sent out lister cards upon inquiry by realtors, etc.
