**CITY of BARRE**  
**PUBLIC SAFETY ANNOUNCEMENT**  
**North Main Street Water Main Break**

**FINAL UPDATE:** The water main repair was completed at approximately 1:00 a.m. this morning, and the system re-pressurized by around 3:00 a.m. Repairs were delayed due to the intense storm that passed through the work-site around 7:30 p.m. last night. The system should be restored to normal service at this time. If your water supply still exhibits a colored or cloudy nature, let your cold water run until clear, usually within 10 minutes.
