**Time:** Exhibition game starts at 8PM

### **RIVER-Update**

The RIVER team presented the projects list based on Council input of importance. However the Council did make it clear, the RIVER team are the experts and want the Team to make the decision based on which projects will make the biggest impact and remain cost effective.

Project slides depicted the rivers in Barre long ago, when they were wider, now narrowed historically building up to embankments so buildings could be placed on rivers extended edge.

The Team and Council also decided moving forward with a study of the City's hydraulics/underground/hydrology systems, so to understand the volume of water these systems can withstand during storms dropping large water amounts in a short time would benefit in the implementation of future projects.

## **BUYOUTS-Updates**

The Manager presented slides showing areas where current buyouts underway, interested or newly submitted due to July 2024 flooding. Most areas had “clusters” of homes, but not just in one specific neighborhood, but several throughout the City. Some of these areas would be used as resting areas for water, and some could be mitigated and flood resistant multi-unit housing would/could be built.

## **Flood Resiliency Plan-Update (Councilor Gustin, Councilor Waszazak)**

As this plan progresses, the necessity for adaptation to the project RIVER has been working on will be integrated. Additional features will likely be added, such as, a timeline of previous flooding/response/recover for reference, and an established appendix with ongoing list of potential projects. The formatting would be easy to follow, and provide updates as projects progress or are completed.

More input is desired from community forums as well as the Council and professional mitigation teams. Councilor Gustin and Waszazak hope to provide updates on 1 or 2 projects at Council meetings, and full review biannually.

## **Approval of FY25 municipal and local tax rate-Clerk**

The clerk review the Tax Rate calculations for the FY25 municipal tax rate.

Municipal tax rate = amount to be raised by taxes + total voter approved allocations to social service agencies + capital/street/sidewalk amount approved by voters + any other special amounts approved by the voters divided by (municipal grand list total divided by 100). This number is carried out to 4 decimal places

Local agreement rate is the education taxes that need to be collected from voter-approved tax exempted properties and tax stabilization properties so the state doesn't lose the education taxes. It also includes the extra exemptions granted to disabled veterans. (The state picks up the first 10K of exemptions, but the city taxpayers pick up the other 30K of exemptions). All other city taxpayers must pay a small amount to make up these exempted ed taxes. The LAR is calculated by taking the following information from the 2<sup>nd</sup> page of the 411 report:

<b>MUNICIPAL AND EDUCATION TAX RATE</b>			
<b>MUNICIPAL AND EDUCATION HOMESTEAD</b>		<b>MUNICIPAL AND EDUCATION NON-HOMESTEAD</b>	
Municipal Rate	2.1147	Municipal Rate	2.1147
Local Agreement Rate	0.0056	Local Agreement Rate	0.0056
Education Homestead Rate (INTERIM)	1.3051	Education Non-Homestead Rate	1.8155
<b>2024-25 RATE</b>	<b>3.4254</b>	<b>2024-25 RATE</b>	<b>3.9358</b>

## **Motion moved by Councilor Stockwell, seconded by Councilor Waszazak-approved**

### **Set Water & Sewer Rates-Manager**

We will request Council approval of new FY25 rates for users of the water and wastewater systems. We are proposing the same increase as was approved last year. While we understand the burden increased fees have on City residents, we also have structural budgetary deficits to address in wastewater, and both

systems are in need of timely updates to continue to reliably operate. Further, an Assurance of Discontinuance that we reached with the state due to an illicit discharge will also increase costs in order to come to compliance

In order to continue to rebuild the structural deficits in the Wastewater Enterprise Fund, and to prevent a similar outcome in the Water Enterprise Fund, City staff recommends the same increase as was adopted last year:

- Water: 3% base rate; 3% use rate, -1% change
- Sewer: 5% base rate; 21% use rate, +1% change

**Moved by Councilor Cambel, seconded by Councilor Gustin**

### **Round Table**

Councilor Spaulding-Lacrosse Tourney was attended and thoroughly enjoyed. She wishes the turf would be used year round. Kudos to the DPW for repairing a water main break located in her neighborhood in a timely manner and efficiently.

Councilor Gustin-Red Cross is experiencing a blood shortage, PLEASE donate if you can.

Councilor Deering-Reiterating the goodness for the community and young people the turf at the BOR brings.

Mayor Lauzon-Be mindful of the storm coming this weekend. Pay attention to the City website, sign up for VT Alerts and be diligent.

Next Council meeting is August 20<sup>th</sup>, 2024.

**Motion to call an executive session for personnel or real estate matters moved by Councilor Stockwell and 2<sup>nd</sup> by Gustin.**

**Motion to enter executive session moved by Councilor Spaulding, seconded by Councilor Stockwell at 9:41pm.**

**Exit Executive Session: Councilor Stockwell moved, Councilor Cambel seconded.**

**Adjourn: Councilor Waszazak moved, Councilor Spaulding seconded.**

The open portions of the meeting were recorded on the video platform.

Respectfully submitted,

Cheryl A. Metivier, City Clerk
