The meeting was called to order at 5:04 p.m.

Adjustments to the agenda: Committee direction possible grant projects

No Visitors

A motion to approve the October 27, 2021 minutes was made by Mark Martin, second Dan Souza, motion carried.

Fostering a Regional Recreation Economy – Creating Networks in Central Vermont: Mark, Dan and Stephanie attended this recent webinar. The webinar was a great way for all groups to meet and learn how we can all begin to work together to combine resources, knowledge and ways to start connecting as many paths, routes and trails as possible.

Developing a Barre City Alternative Transportation Map:

The committee is exploring the idea of creating a map of paths, routes, trails in Barre City. Hoping to develop something that can be printed and available online that shows all the areas within the City. The information could also show best routes between neighborhood parks and playgrounds. There was a discussion on the types of software and if the City currently had software for this purpose as well as utilizing resources that are available to municipalities. We will check with Bill Ahearn to see what the City currently has for such mapping. This will be discussed in more detail next meeting.

Committee direction possible grants: Steve wanted to gather feedback from the committee on what project is the most important to try and move forward. It appeared that the Metro Way segment was the most visible and is an important link to connect completed segments and create a nice path in the downtown.

A Motion to adjourn was made by Mark Martin, second Dan Souza to adjourn at 5:40 p.m.
