E) Final Approval of Reconciled Annual Appointments List.

Councilors noted a few corrections that need to be made to the list. It will be brought back for final approval at the next meeting.

F) Authorize Purchase of Police & Fire Non-Emergency Service Vehicles.

Police Chief Braedon Vail, Fire Chief Doug Brent, and Deputy Fire Chief Joe Aldsworth reviewed the memo outlining seven administrative vehicles being proposed for purchase for the police and fire departments. There was discussion on trade-in of older vehicles, quotes from various dealers, funding options from the FY21 fund balance and capital fund. Chief Vail said the recommendation is to go with the \$192,360 quote for the seven vehicles from Formula Nissan. Both Manager Emeritus Mackenzie and City Manager Storrellicastro said they recommend approving the purchases.

Councilor Lauzon said he has concerns that proper procedures weren't followed when Council allocated \$233,000 from the FY21 fund balance to the capital fund at its December 18, 2021 budget workshop. There was additional discussion on the capital fund balance, supply chain delays and costs impacted by inflation, tracking maintenance costs, and review of the capital equipment plan.

Councilor Lauzon said there is plenty of money in the capital fund regardless of whether the \$233,000 allocation was properly warned and carried out, and he made the motion to approve the purchases as recommended. The motion was seconded by Councilor Deering.

There was additional discussion on offering stipends for use of personal vehicles rather than purchasing, researching potential use of electric vehicles for public safety uses, mechanical and structural condition of the vehicles being replaced, and creation and maintenance of the capital equipment plan and budget.

Council approved the vehicle purchases as moved and seconded, with Councilor Waszazak voting against.

G) Authorize Replacement of Police Department Firearms.

There was a brief discussion on 9mm vs. .45 caliber firearms, and Chief Vail noted ammunition for the 9mm is less expensive. Council approved the purchase of the 9mm firearms as recommended by Chief Vail on motion of Councilor Lauzon, seconded by Councilor Deering. **Motion carried.**

H) Authorize Purchase of Replacement Police Dispatch Consoles.

Fire Chief Doug Brent and Deputy Fire Chief Joe Aldsworth said the Cities of Barre and Montpelier are working to have identical equipment to provide backup for each dispatch center. Funds are set aside annually towards replacement of the dispatch consoles, along with a percentage of the dispatch contracts the City has with other communities. In addition to the new consoles, the dispatch center is in need of new work stations. The intent is to issue an RFP for the work stations, with payment to come out of the reserve funds over the next several years. It was noted the Council will review the RFP results before one of the proposals is selected for replacement of the work stations. Clerk/Treasurer Dawes was asked to research interfund borrowing options for whatever financing will be necessary.

Council approved moving forward with the console purchases, and authorized submittal of an RFP for work station upgrades by utilizing existing funding sources with financing of the remaining balance, on motion of Councilor Lauzon, seconded by Councilor Waszazak. **Motion carried.**

Added - Councilor Waszazak asked about the criteria that will be included in the RFP for purchase and redevelopment of 22 Hill Street. He said there is a concern the criteria might preclude some organizations from qualifying to bid. Clerk Dawes noted the criteria aren't exclusionary, and all proposals will be considered. The Clerk noted the legal notification of the City's intent to sell the property was published in the newspaper last week, and opens a 30-day period of time for public comment, after which the RFP will be issued.

Upcoming Business – NONE
