

Barre City Pre-Winter Pickup

An Adventure Celebrating

A GREEN-UP DAY HALF-YEAR

Join your neighbors and friends on **November 7th and 8th** in a socially-distanced outdoor community effort to collect roadside trash before the snow flies!

The City has arranged to have a trash dumpster for roadside trash available for your use from Nov 6-10 at the DPW Garage. Write down your tally and your Barre City Ward number. Let's see which Ward can collect the most – from anywhere in the City. The results will be published at the City web page on Tuesday. Work out any post-election blues or celebrate your candidates' victory in a COVID-safe trash collection community service.
